White Construction Group Breaks Ground on Social Security Admin Building in Pueblo

CASTLE ROCK, Colo., Jan. 23, 2008 – White Construction Group, a Colorado-based commercial general construction firm, broke ground on a new Social Security Administration Building in Pueblo.

The SSA in Pueblo is expected to move from their current location in the Wells Fargo Bank Building on West 8th St. to their new office space on 3769 Parker Blvd. in the fall of 2008. The project involves the construction of a 10,545 sq-ft office building. “We are very excited that construction of the new Social Security building is underway,” said Melinda Minor, Pueblo social security manager, “The adjacent lot with free parking and the single story building will be much easier for our customers to access.” The Pueblo Transit Bus Route 8 will serve the new offices.

The groundbreaking ceremony took place Jan. 16, and was attended by local SSA personnel, General Services Administration personnel, project partners: Simco Ventures West, LLC, owner; Randal Friesen Architecture, LLC and the White Construction Group Project Team.
