White Construction Group Announces Completion of Peachtree Academy

CASTLE ROCK, Colo., Jan. 4, 2007 – White Construction Group, a Colorado-based general commercial construction firm, announces the completion of Peachtree Academy in Commerce City, Colo.

“We are very pleased with the outcome of our new school,” said Ken Clifton co-owner of Peachtree Academy and president of Clifton Jones Development. “As an owner we were kept in the loop throughout the process and appreciate the educational background White Construction Group brought to the table. They had an eye for detail that demonstrates how much they understand the needs of children in an educational setting.”

Located at 10000 Chambers Road, Peachtree Academy is an 11,800-square-foot, school within the communities of Fronterra Village and Reunion. It is a franchised national childhood development center that provides high quality education for children in a hands-on interactive environment. It is accredited by the National Association for the Education of Young Children, a prestigious designation awarded to only 2 percent of programs in the country.

Peachtree Academy is open for children from six weeks old through pre-kindergarten, and for children from five to 12 years of age for before and after school care. The school is now open for enrollment.
