White Construction Group Wins Gold Hard Hat Award

CASTLE ROCK, Colo., Oct. 3, 2008 –White Construction Group, a Colorado-based commercial general construction firm, recently received the Gold Hard Hat Award for Masonry for their work on Fire Station No. 8 in Colorado Springs. The Gold Hard Hat Awards feature the best commercial Colorado Projects of 2008 by McGraw-Hill and Colorado Construction Magazine.

“The dedicated staffs of professionals at White Construction Group and our project partners including: City of Colorado Springs, architectural firm HB&A, and Metro Masonry all share this award,” said Courtney White of White Construction Group. “For the 4th busiest fire station in the country, we were honored to participate in this project that has such an impact on the Colorado Springs community,”

2-2-2

The project consisted of 12,595 sq-ft new building with an all brick exterior. The station utilized contrasting colors of brick influenced from a historical context of older fire stations. The scope of masonry work consisted of 85 working days, 140,000 units including eight-inch blocks and twelve-inch blocks & bricks.

About White Construction Group

Founded in 1985, White Construction Group is a fast-growing, multi-million-dollar general contractor that specializes in commercial construction, design-build, historic restorations and tenant improvement projects. The company provides pre-construction, construction management, general construction and post-construction services for public and private clients along the Front Range, northern and northeastern Colorado. To date the company has completed over \$450 million in construction projects and has won several national awards for its job safety programs. White Construction Group can be reached at (303) 688-6924, or www.whitecg.com.
