White Construction Group Announces Completion of Colorado State Parks Projects

CASTLE ROCK, Colo., March 19, 2006 – White Construction Group, a Colorado-based commercial general contractor, announces the completion of the Colorado State Parks Projects.

This three-building contract involved the construction of a 2,067-square-foot camper services building at Chatfield State Park that was completed Aug. 2006; and two 1,757-square-foot camper shower buildings, and a recreational vehicle dump station, and site work around each building at Cherry Creek State Park. The projects at Cherry Creek State Park are called the Gold Rush Building and the Prairie Building and are located on the West side of the park off Lehigh and Parker Road.

Special features include exposed decorative truss entrances, colored concrete, epoxy paint and 2”x 2” hand-inlay tile throughout all buildings. The mechanical system utilizes an integrated radiant floor heat and the domestic hot water is controlled to the same constant temperature for all the sinks and showers.

The project manager was Seth Noble, the project superintendent was Bill Clement and the project coordinator was Jennifer Thompson.
