White Construction Group Announces Launch of New Website

CASTLE ROCK, Colo., Mar. 6, 2008 – White Construction Group, a Colorado-based commercial general construction firm, announces the launch of a new website.

The new site www.WHITECG.COM, features stunning photos of selected White Construction Group's projects, a section highlighting a current trade partner, and a unique section for subcontractors.

Subcontractors who register on the site receive three advantages: the ability to view potential projects, the advantage of joining the list of subcontractors invited to bid on projects, and the ability to view and print plans.

This new site benefits White Construction Group customers, trade partners, our community, and our current and future employees by providing immediate access to our information," says President Tim White.

About White Construction Group

Founded in 1985, White Construction Group is a fast-growing, multi-million-dollar general contractor that specializes in commercial construction, design-build, historic restorations and tenant improvement projects. The company provides pre-construction, construction management, general construction and post-construction services for public and private clients along the Front Range, northern and northeastern Colorado. To date the company has completed nearly one half billion dollars in construction projects and has won several awards for its job safety programs. White Construction Group can be reached at (303) 688-6924, or www.whitecg.com.
