White Construction Group Awarded Two Denver Public School Projects

CASTLE ROCK, Colo., April 25, 2005 – White Construction Group, a Colorado-based construction firm specializing in commercial construction, design-build, historic restoration and tenant improvement projects, has been awarded two Denver Public School projects – site improvements at Abraham Lincoln High School and renovation work for Parent Project 3754.

Site improvements at Abraham Lincoln High School include replacing the running track surface with an all-weather asphalt; replacing, coloring, and texturing the post-tensioned concrete slab for the four-court tennis complex; and replacing the football field with a synthetic grass field. Some outdoor athletic equipment also will be replaced. The project is valued at \$1,733,750 and will be completed in July 2005. Steve DeThomas will serve as project manager and Alex Lee will serve as superintendent.

Project partners include:

- Client: Denver Public Schools, Denver, Colo.
- Civil Engineer: HCL Engineering & Surveying, Inc., Englewood, Colo.

- more -

Parent Project 3754 involves renovation work at four schools - Amesse Elementary School, East High School, Fairmont Elementary School, and McGlone Elementary School. The Amesse Elementary School renovation work includes exterior painting; replacement of the kitchen floor; roofing repairs and re-roofing; replacing the cooling tower; and replacing the burners in the boilers. The East High School project involves replacing the football field with synthetic turf; replacing the running track surface; new sod and irrigation at the baseball field; and detention pond and drainage work. Fairmont Elementary School work involves replacing the windows and carpet, and painting. McGlone Elementary School includes floor renovation and carpet replacement work. The project is valued at \$2,703,842 and will be completed in August 2005. Seth Noble will serve as project manager and Jesse Prater will serve as superintendent.

Project partners include:

- Client: Denver Public Schools, Denver, Colo.
- Architect: OZ Architecture of Denver, Inc., Denver, Colo.

About White Construction Group

Founded in 1985, White Construction Group is a fast-growing, multi-million-dollar general contractor that specializes in commercial construction, design-build, historic restoration and tenant improvement projects. The company provides pre-construction, construction management, general construction and post-construction services for public and private clients along the Front Range, northern and northeastern Colorado. To date, the company has completed more than \$350 million in construction projects and has won several national awards for its job safety programs. White Construction Group can be reached at (303) 688-6924, or www.whitecg.com.
