WHITE CONSTRUCTION GROUP COMPLETES COPPER MOUNTAIN FIRE STATION NO. 1

White Construction Group, a Colorado-based commercial general construction firm, recently completed Copper Mountain Fire Station No. 1 in Summit County.

This state-of-the-art new 27,000 sq-ft building features a four-bay drive-through apparatus area, sleeping quarters and facilities to accommodate firefighters and ambulance personnel 24/7. It also features a training tower that includes a search area, repelling and stair trainings, operational offices,

and storage and equipment facilities. Common use areas include a physical fitness room, an indoor/outdoor patio area and full service community room. The building will also house the Copper Mountain Consolidated Metropolitan District Offices to include cable television, water and sanitation, and administration services.

-more-

Pahl Architecture, Denver, Colo., was the architect for this project and the Owner is the Copper Mountain Consolidated Metropolitan District. White Construction Group's project manager was Tracy Higuera; superintendent Lanny Bennett; and project engineer Clint Decker.

Celebrating its twenty-fifth year, White Construction Group is a multi-million dollar general contractor that specializes in commercial construction, design-build, historic restorations and tenant improvement projects. The company provides pre-construction, construction management, general construction and post construction services for public and private clients throughout Colorado. The company has received numerous construction and job safety program awards. White Construction Group can be reached at 303-688-6924 or www.whitecg.com.
