White Construction Group Receives STEP Award

CASTLE ROCK, Colo., Sept 28, 2007 –White Construction Group, a Colorado-based commercial general construction firm, received the Gold STEP Award by the Associated Builders and Contractors, Inc.

STEP, Safety Training and Evaluation Process, is a contractor-developed program that provides an objective method to analyze and help improve safety and loss prevention programs. The award is based on total work-hours in a calendar year and standard industrial codes to ensure companies compete against similar sized companies who perform similar work.

“Safety is a significant part of our operations at White Construction Group,” said Jason Maxwell, General Superintendent/Safety Manager. *“We hold ourselves to the highest industry standards by investing in safety consultants, equipment and education resulting in safe and productive jobsites.”*

About White Construction Group

Founded in 1985, White Construction Group is a fast-growing, multi-million-dollar general contractor that specializes in commercial construction, design-build, historic restorations and tenant improvement projects. The company provides pre-construction, construction management, general construction and post-construction services for public and private clients along the Front Range, northern and northeastern Colorado. To date, the company has completed nearly \$500 million in construction projects and has won several national awards for its job safety programs. White Construction Group can be reached at (303) 688-6924, or www.whitecg.com.
